PARIS, KENTUCKY, TUESDAY, JANUARY 16, 1906.

NUMBER 5.

Jan Kubelik.

The appearance of Jan Kubelik, the famous Bohemian violinist, at the Lexington Opera House, Friday, Jan. 19, will be one of the musically artistic engagements of the season. After four years absence Kubelik has returned to New York and become the sensation of the musical circles of that city. As a violinist his fame covers two continents, and the musical people of Central Kentucky are quite fortunate in being able to hear him without going to some one of the larger cities. He is assisted by Miss Agnes Gardner Eyre, piano soloist. Prices 50c. to \$2.00. Orders for seats will receive attention.

Bound to Pass With Such a Lobby.

Backed by a lobby of 3,000 of the leading women of Kentucky, members of chapters of the United Daughters of the Confederacy, a bill will be introduced in the General Assembly this week appropriating \$20,000 for a monument to the Confederate and Federal dead on the old battlefield of Shiloh. A large number of the members of the lobby will go to Frankfort in a body to use their influence with the members of the two houses, in an effort to have the bill passed, and it is confidently expected that the array of beauty, combined with the merits of the bill itself, will have the desired result.

Million-Dollar Bond.

The bond given by Miss Bertha Lebus, daughter of the late Lewis Lebus, of Cynthiana, who died at Los Angeles, Cal., as administratrix of her father's estate, is said to be the largest ever given by any one in that part of California. It is double the amount of property owned by the deceased and is \$1,082,000.

To Be Consolidated.

The Exchange National Bank and the Central National Bank, of Lexington, are to be consolidated and become a State bank and trust company, with a paid-up capital of \$600,000.

Right You Are, Jimmie!

The Cynthiana waterworks, owned and operated by the city, paid a total of \$600 over and above all expenses last year, and the people were furnished water at rates from one-third to one-half less than rates charged in cities of like class where the water plants are controlled by private individuals or corporations. And, in addition, Cynthiana's fire protection did not cost a cent. This is an example of municipal ownership that works all right.—Cynthiana Democrat.

"Uncle Joe" is Improving.

The condition of the Rev. Joseph Hopper, the well-known Presbyterian evangelist, who was taken suddenly ill Tuesday night in Louisville, continues to improve. He was able to sit up Saturday, but it may be some time before he will be able to resume his place in the pulpit. The Rev. Hopper was engaged in holding a protracted meeting at the Woodland-avenue Presbyterian church when he was taken ill. "Uncle Joe" Hopper is known all over Kentucky, where he has preached for half a century, and hundreds of Kentuckians are anxious to hear of his recovery.

Fight Against the Cigarette Bill.

A lobby has been established, at Frankfort to fight the anti-cigarette bill, which has been introduced in the Senate. A prominent former State official is said to be at the head of the lobby, and, as it is backed by the American Tobacco Co., a determined fight will be made to kill the measure.

At present it looks like the bill has favorable chances of passage. A similar bill passed the Legislature during Gov. Bradley's administration but during a temporary absence of Gov. Bradley it was vetoed by Lieut. Gov. Worthington.

AMUSEMENTS.

Among the brilliant stars with the National Grand Opera Company, which comes to Paris Friday night, January 19th, are the Duchess Gertrude Dudley, the direct lineal descendant of the original Duchess Dudley and the holder of the title today, who has a soprano voice of great range and has made a splendid success and been accorded highest honors wherever she has appeared. Miss Clara Mae Hammer, coloratura soprano, has a most even voice, adjudged marvelous for quality and range—the musical critics, one and all, have been unstinted in their

Mlle. Rose Sicarde.

praise of her as an artist. George Jenkins, tenor, has a voice that runs the whole gamut of the emotions from the gentlest expression and the tenderest moments to the rudest bursts of dramatic frenzy and mad passion. J. F. Kuehne, basso, sings with equal perfection operas by Verdi, Gounod, Wagner, Massenet, Noito and Thomas. Mlle. Bose, Sicardi, the famous violinist, considered the most brilliant artist of the times, and others.

Clay and Goebel Statues.

Representative J. M. Alverson, of Lincoln, introduced a bill in the House providing for an appropriation of \$10,000 by the state for two statues from Kentucky to be placed in the Hall of Fame. The bill provides that the statues shall be those of Henry Clay and William Goebel.

Dying of Famine

is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers, of Cearfoss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me. Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at Oberdorfer's drug store. Price 50c and \$1 a bottle. Trial bottle free.

No Secret About It.

It is no secret, that for Cuts, Burns, Ulcers, Fever Sores, Sore Eyes, Boils, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory, of Hope, Tex. 25c at Oberdorfer's drug store.

Huge Task.

It was a huge task to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Iowa, but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach." Guaranteed by Oberdorfer, the druggist. Price 50c.

The Paris Business College

Is now being organized by Prof. Lippard, of Cincinnati, and will open the first of January. Prof. Lippard has had a large experience in training young men and women for good positions and placing them in same, and every young person possible should enter at the opening. Nothing pays better than a business education. Positions secured for all graduates, and Prof. Lippard has calls for more graduates than he can furnish.

Dangers of Defective Plumbing!

Defective plumbing permits the entrance into the house of sewer gas bearing germs or contagious disease to which the human system readily succumbs. Sewer gas is not necessarily generated in the sewer, but is frequently created in the plumbing system within the home and enters the apartments through defective fixtures. If in doubt, consult us regarding the piping and repairing defective fixtures with "STANDARD" Porcelain Enameled Ware, acknowledged as the best sanitary equipment.

We made some reference in this column in last issue to the bad example set by the church members in Paris to those out in the world by the poor attendance at the Union Prayer Services the night before. Didn't do any good though, for the five churches uniting in the services only turned out thirty-eight of their members Friday night at the Methodist Church. This not only looks like bad treatment of the Lord, but bad and disrespectful treatment of the resident pastors, as we saw about 500 of their members at the Opera House the same evening. The prayer services were dismissed in plenty of time, too, don't you preachers let them fool you about that, for the minister that conducted the prayer service got to the Opera House before the curtain went up.

Something is evidently wrong, and the Paris ministers evidently think so, for we understand they inaugurated a prayer meeting of their own yesterday and will not only include those outside of the pale, but will devote most of their prayers for the reformation of church members.

It is reported that a scheme is on foot by one of the Magistrates, who enjoyed the committee meetings of the old Fiscal Court, to force Judge Dundon to appoint a number of committees which there is no earthly need of. He is working on the other members of the court endeavoring to get them to vote for the establishment of a number of standing committees so they can draw their \$3 per day at will. This committee business of the Fiscal Court has grown in proportion until it had almost become a graft, pure and simple. Just think of a Magistrate drawing near \$2,000 in a little over a year for attending committee meetings. It has only been a short time ago when Magistrates were doing well to make \$50 to \$100 a year out of the office, and it has been when leading citizens of Bourbon county acted as members of the Fiscal Court without charge. In recent years, though, some of them have been drawing larger salaries than that paid to the County Judge for work that properly belong to the duties of that office.

This is a matter of vast interest to the taxpayers of Bourbon county, and if you could but glance at the records and see the thousands of dollars you have paid in taxes for these useless committee meetings, you would readily join us in saying it is time to call a halt. And it is the duty of the County Judge to see that these costly committees are done away with.

The last Legislature made an appropriation of \$1,000,000 for the new State Capitol. The Hon. A. S. Thompson, of Bourbon, was the only man in either House of that Assembly that voted against the appropriation. He favored a smaller amount to begin with, knowing that appropriations would be asked for at every subsequent session of the Legislature and no telling what the end would be. It now looks as if Mr. Thompson had the right idea about the matter.

In the report submitted to both Houses of the Legislature the other day by Gov. Beckham for the Commission, the architect recommends another million dollar appropriation for the new Capitol. The Governor asked when he submitted his report that the Capitol Committees of both Houses examine and consider the matter until Friday when the Commissioners would meet. This was a feeler for the Administration and before the appointed time for the meeting came around the wiley young politician discovered that it was too soon for another million to be put in their hands. So he recommended to the Commission in session Friday that only a habitable Capitol be erected for the present, leaving the proposed ornamental features to future Legislatures. The foundation of the new building is not yet finished, and the way they have started to ask for appropriations it will cost the State many millions of dollars.

The Governor, the head of the Capitol Commission, has discovered he has at last struck a snag, for whenever he begins to squander the taxpayers' money in extravagant expenditures on this new Capitol he will find his name to be "Dennis" before he realizes it. He is a wise young man, though, and besides has wise men behind him to handle the strings and they know exactly when to pull. One of them will never be forgotten, the immortal Percy Haley, the man who now selects United States Senators for the people of Kentucky, or the "man behind the gun."

STOCK AND CROP.

WANTED—50 cattle shoats.

R. B. HUTCHCRAFT,
Paris, Kentucky.

Nichols & Pendleton purchased
75,000 pounds of tobacco last week
from different parties at from 3 to
10 1/2 cents.

W. A. Thomason sold to the Con-
tinental Tobacco Company 20,000
pounds of tobacco at 8 cents per
pound.

McCormick Bros., of near Center-
ville, sold to the Continental Tobacco
Company 20,000 pounds of tobacco at
10 cents straight.

J. H. Posey, of Garrard, sold last
week at the Central House, Louisville,
his entire crop of tobacco at prices
ranging from \$12.25 to \$14.50 per
hundred, netting \$12.05 per hundred
at home.

Thos. McClintock & Sons, of
Millersburg, bought in Fayette county
last Thursday 8 mules of Frank Chris-
tian for \$1,160, and of John W. Davis
25 for \$4,200. On that night 26 of the
lot were shipped by them to Atlanta.

Hemp breaking is in active pro-
gress throughout Central Kentucky,
and the crop is rapidly being put in
shape for the market. This is unusu-
ally early, but the wet Fall and
mild Winter are responsible for the
article being ready now.

The American Tobacco Company
at Maysville has purchased very near
all the crop of the Mason county
farms at a maximum price of 12 cents
and a minimum price of 6 1/2 cents.
The company's big rehandling ware-
house there is now receiving this un-
usual purchase, which will amount to
about 8,000,000 pounds when it is all
delivered.

The mule market is the best ever
known in Central Kentucky, and
prices are unprecedented. Orders are
being received from all over the
country and the demand is growing
daily. The top figure is brought by
two and three-year-old mare mules,
bringing \$185 to \$210 each. Mules 16
hands high are selling for \$175 to \$190;
15 1/2-hand mules at \$150 to \$170, whole
15-hand ones bring \$140 to \$160. Small
mules for mine work bring \$140 up,
while some extra pairs have brought
as high as \$465. A man who has had
35 years' experience in mule dealing
says in all his experience he has never
seen anything like the prevailing
prices.

For Sweet Charity.

The noted Elmendorf breeding es-
tablishment, which has long been the
center of attraction for visitors to the
Blue Grass region, will in the future
be used to assist the Lexington hos-
pitals in a financial way. The man-
agement of the famous farm will set
aside one day each week, to be known
as "Visitor's Day," and each person
entering the gates of the place on
that day will be taxed a small sum,
which will be placed in the fund for
the hospitals. It is estimated that
during the past few years as many as
three hundred people call at the farm
each week and ask to be shown the
principal horses and places of inter-
est, and it is necessary to keep a
staff of men especially for the pur-
pose. The plan is not to deny visitors
the sights of the place, but to concen-
trate visiting all at one time or on
the same day of the week, when
every one can be given the same in-
formation at practically the same
time. The admission price will be
not less than ten cents nor more than
twenty-five cents.

MARRIAGES.

—Mr. Malachi Flanagan and Miss Lizzie Higgins were united in marriage at the Catholic Church, in this city, Sunday afternoon, at 1 o'clock, by Rev. Father E. A. Burke. By a special dispensation the usual bans were not announced in church. The wedding was a very quiet affair, and took place only in the presence of the attendants, Mr. Joe Higgins, brother of the bride, and Misses Winnifred Doyle and Mary Calahan. The groom is one of our popular and successful business men and an honored member of the Ancient Order of Hibernians. The bride is a daughter of Mr. and Mrs. Timothy Higgins, and is a most estimable and lovely young woman.

DEATHS.

—Commodore Wm. P. McCann, United States Navy, retired, died at his home at New Rochelle, N. Y., yesterday, of paralysis. Commodore McCann was the son of the late James McCann, and was born in this city on May 4, 1820, in the house on the corner of Main and Seventh streets, now occupied by Mr. Geo. Rassenfoss as a business house. He served on the gulf blockading squadron during the Civil War, and ranked as one of the most brilliant naval officers of his day. He was retired at 62 years of age and has since lived at Rochelle, N. Y. He has visited members of his family here at different times and all who met him were charmed with his commanding presence and conversational powers. Mrs. Nannie Brown, his half-sister, is the only remaining member of the McCann family now residing here. His wife survives him, their only child having died some years ago.

—Wyatt L. Hall aged sixty years, formerly of this county, died of pneumonia at his home near Headquarters, Ky., Friday evening at 6 o'clock. Mr. Hall is survived by his wife, three sons and two daughters—W. B. Hall, Joseph Hall and J. J. Hall and Miss Evelyn Hall, all of Nicholas county, and Mrs. W. H. Hall, of Parkersburg, W. Va. The interment took place Saturday afternoon at the Millersburg cemetery at 2.30 o'clock.

RELIGIOUS.

"Ginevra" a Success.

The performance at the Grand last Friday evening and matinee Saturday afternoon of "Ginevra," for the benefit of the hospital fund, was a success in every way. One hundred and fifty people, all home talent, took part and acquitted themselves in a manner that deserves universal praise. It was pronounced by all to have been the best home talent entertainment ever given in Paris. The receipts of both performances amounted to \$350, the hospital getting half of that amount.

Breaks World's Record.

The Sixth field battery of U. S. Artillery, commanded by Captain G. W. Gatchell, entered Fort Sam Houston, Texas, amid the cheers of the garrison, Friday. The battery broke the world's record for the long distance practice march, the artillery having covered 1,100 miles, from Fort Riley, Kansas, to Fort Sam Houston, Texas, in fifty-five days.

This is said to be the longest practice march ever made by artillery in time of peace, and that no forced march in time of war, with the exception of Napoleon's retreat from Moscow, compares with it in distance. The artillerymen were haggard, and many were scarcely able to travel. The horses resembled moving skeletons.

Newton Gets Life Term.

At Frankfort the jury in the case of Cal Newton returned a verdict Saturday, sentencing him to life imprisonment. Only one juror, it is said, stood out for hanging. Newton killed old man George Smith and his son, James D. Smith. At the time of the tragedy the killing appeared to be without excuse, but in his trial Newton claimed self-defense, and was the only living eye-witness of the killing.

Give Mail Carriers the Road.

It would be well for drivers of wagons to remember that all United States mail carriers have the right of way in public highways when on duty, says the Rural Free Delivery News. They cannot be driven into the ditches by heavy loaded wagons without violation of the United States mail law, and if a collision is made by so doing, and mail delayed, it will not be long thereafter until a Deputy U. S. Marshal will be looking for certain parties who will answer to a call at a U. S. court. This law applies not only when meeting a vehicle, but applies to those in front of the mail as well; when mail makes an effort to pass.

Kentucky Midland Doctors Elect.

The Kentucky Midland Medical Society held its fortieth quarterly meeting at Midway Friday. There was quite a good attendance. Physicians from Lexington, Louisville, Frankfort, Paris, Versailles, Georgetown, Lawrenceburg and Midway were present. A morning and afternoon session was held, during which several splendid papers were read and discussed. The following officers were elected for the ensuing year, viz: President, Dr. W. B. McClure, Lexington; vice-President, Dr. C. W. Kavanaugh, Lawrenceburg; Secretary-Treasurer, Dr. J. H. Arnold, Versailles. The next meeting of the society will be held in Paris.

The Business College students are doing splendid work. Others should enter at once. It's the road to success. Parents can't do better than to give their sons and daughters a business college education. It's at your door, don't miss it.

Thomas Stout Must Hang.

Thomas Stout was given the death penalty in Judge Parker's court at Lexington, Friday afternoon, for the killing of Sam Lee. Stout and Lee, both colored, had been engaged raising a crop of tobacco and the motive for the killing of Lee was in order that Stout might secure Lee's interest in the crop of tobacco. The body of Lee was found on the Jacks Creek pike, near Kiddville, in March. Stout is the thirteenth man convicted for murder and sentenced to death since Judge Parker has been on the bench, and he is the fourth man arrested by Policeman Owen O'Neil, of Lexington, who has been sentenced to hang.

Fight at Glenkenney May End in Murder.

The trial of Lytton Lawrence for cutting the negro, Leslie Clark, at Glenkenney several nights ago, was called in Judge Dundon's court yesterday and continued until Monday. County Attorney T. E. Moore and Attorney E. M. Dickson, representing Lawrence, went out to the home of James Blythe, at Glenkenney, to take his deposition in the case, he being with Lawrence at the time of the difficulty and receiving a wound in the head from a rock thrown by the negro, Clark, but they found Blythe unable to give his testimony. Drs. Kenney and Dudley performed a trepanning operation on the young man afterwards and removed a portion of the skull from the brain. Young Blythe is in a very precarious condition.

Fatal Fall Over a Cliff.

The body of Charles Green, colored, was found about ten o'clock, Sunday morning, in Hedges & Adair's rock quarry, near town, on the Lexington pike, with head crushed, his neck and nearly every bone broken.

Green was formerly of Millersburg, this county, and was employed by Hedges & Adair, and roomed in a portable house located near the quarry, which is at the base of a cliff forty feet high. Green was under the influence of whisky. Two foot-paths lead from the entrance to the property, one to the quarry and the other to the cliff. It is supposed that Green took the latter course and when at the top fell to his death. Coroner Kenney viewed the remains and ordered them taken to the undertaking establishment of Corbin & Thompson, where an inquest was held, and a verdict rendered in accordance with the above facts.

ATTEND Simon's White Sale.

Heirs of the Late James Bryant.

Mr. Ed. Rice, of North Middletown, has been appointed administrator of the estate of the late James Bryant, the young man recently found dead in a branch in the Cane Ridge neighborhood. Mr. Bryant was unmarried and left an estate of 500 acres of Bourbon county land. The heirs to the property left are Henry Bryant, Willie Squires, of Little Rock; James Thomas, James Blair, Turner Thomas, of Carlisle; Ben Utterback, of Iowa; John Bryant, of Lebanon, Ind.; Miss Mollie Soper, Clay Soper, of Danville, Ind.; Anse Bryant, of Plum. There is also 145 acres besides the above, now in the possession of his stepmother, Mrs. Katie Bryant, nee Cain, that reverts to the heirs at her death.

DR. C. H. BOWEN, the optician, will be at the store of A. J. Winters & Co., on Jan. 25.

A Furious Storm.

Between five and six o'clock yesterday afternoon an unusually heavy wind, rain, lightning, thunder and hail storm passed over this city. L. & N. train No. 7, south-bound, was compelled to stop for twenty minutes between Cynthiana and Paris until the storm had spent its fury. The feed wire of the Paris-Lexington interurban line was blown from fastenings, at the intersection of the Bethlehem and Hume and Bedford pikes, across the old toll house and came near setting fire to the house before it was removed.

Tendered His Resignation.

Threatened with nervous prostration because of his inability to carry on the work of his parish to the satisfaction of all his parishioners, the Rev. Henry Knott, rector of St. Bartholomew's Episcopal church, in Chicago, has tendered his resignation to the vestry board, to take effect February 1. His resignation has been accepted, but no successor has been named. Mr. Knott went to Chicago from Kentucky two years ago. He said that the church was in debt \$19,000.

Mr. Knott will be remembered as rector of St. Peter's church in this city for a short time.

RUMMANS, TUCKER & CO.

It's the Truth!

If you toot your little tooter and then lay aside your horn, there's not a soul in ten short days will know that you were born. The man who gathers pumpkins is the man who plows all day, and the man who keeps a humping is the man who makes it pay. The man who advertises with short and sudden jerks is the man who blames the editor because it never works. The man who gets the business has a long and steady pull and keeps its trade and paper from year to year quite full. He plans his advertisement in thoughtful, earnest way and keeps forever at it until he makes it pay. He has faith in all the future, can withstand a bankrupt shock, and, like a man of Scripture, has his business on a rock.

LITTLE POCKET PHYSICIAN.

Hyomei Inhaler That is Guaranteed by Clarke & Co. to Cure Catarrh.

Thousands who have been cured by Hyomei, call the inhaler that comes with every outfit "the little pocket physician," as it is so small that it can be carried in the pocket or purse.

Prior to the discovery of Hyomei, statistics showed that at least 97 out of every 100 persons in this state were suffering from catarrh in some form. The remarkable results following the use of Hyomei are shown by the smaller percentage to-day of the people suffering from catarrh.

There is really no excuse whatever for anyone having catarrh now that Hyomei is so readily obtainable. If you have any doubt about its value Clarke & Co., will let you have a complete outfit with the understanding that unless it cures catarrh, it will not cost you a cent.

A complete Hyomei outfit consists of "the little pocket physician," a medicine dropper, and a bottle of Hyomei, and costs only \$1, while additional bottles can be procured for 50 cents, making it the most economical, as well as the most reliable treatment for the cure of catarrh.

Do not delay longer the use of Hyomei, if you have catarrh. This is a purely local disease, and Hyomei goes right to the spot where the catarrhal germs are present, destroys them, soothes and heals all inflammation, and makes a permanent and lasting cure.

THE SECRET OF SUCCESS

"No, Sir! You cannot palm off any substitutes on me. I've been using August Flower since I was a boy, and I'll have no other."

Forty million bottles of August Flower sold in the United States alone since its introduction! And the demand for it is still growing. Isn't that a fine showing of success? Don't it prove that August Flower has had unflinching success in the cure of indigestion and dyspepsia—the worst enemies of health and happiness? Does it not afford the best evidence that August Flower is a sure specific for all stomach and intestinal disorders?—that it is the best of all liver regulators? August Flower has a matchless record of over 35 years in curing the ailing millions of these distressing complaints.

Ice Hicks and Art.

The career of Mr. Frederick MacMonnies as a sculptor began when, as a boy of five years, scarcely tall enough to reach up to the top of the kitchen table, he modeled little figures in dough. Two years later he discovered a better material for his purpose. At that time a white wax chewing gum was much in fashion among children. Young MacMonnies saved his odd pennies until he could buy what he wanted of it, and then he made from it an equestrian statue of George Washington, which is still among the family treasures.

When he was ten years old Barnum's circus came to town. He was an enthusiastic admirer of the parade, and when the elephant appeared he became intense. He watched every motion and studied every line of the strange beast. Then he rushed into the house and, working as fast as he could, modeled from memory a clay elephant of which he need not be ashamed today. At thirteen he carved a likeness of a pet bullfrog out of a Belgian paving block, with an ice pick for a chisel.—World's Work.

A Tough Meat Story.

Of the food served to the sailors of the British navy of 100 years ago a recent historian says: "A ship's company had to start a cruise upon the old meat returned from various ships and routed out from the obscure cellars of the victualing yards. Frequently it had been several years in salt before it came to the cook, by which time it needed rather a magician than a cook to make it eatable. It was of a strong hardness, fibrous, shrunken, dark, gristly and glistening with salt crystals. Strange tales were told about it. Old pigstails seamen would tell of horseshoes found in the meat casks, of curious barkings and neighings heard in the slaughter houses and of negroes who disappeared near the victualing yards, to be seen no more. The salt pork was generally rather better than the beef, but the sailors could carve fancy articles, such as boxes, out of either meat."

Horses and Medicine.

Healthy horses require no medicine, but there are so many intestinal parasites and so many kinds of worms that affect horses that constant supervision pays. Almost all young horses are better for a few feeds of sulphur in the springtime. Many horsemen like to give a little worm medicine, and each man has his favorite. A good many worm medicines are harmless, and if administered to a healthy colt will do no harm. Usually, a keen horseman knows whether worm remedies are necessary or not, but in case of doubt it is a little safer to give the medicine, provided the medicine is really harmless. Some medicines are harmless and some are not. Stimulants are not necessary, and stimulating medicines should never be given except on the advice of a veterinarian.—St. Louis Republic.

Gladstone's Speech For Irving.

Gladstone was a great admirer of Sir Henry Irving, and this admiration was shown one day in the house of commons. Irving was under the gallery in the house when suddenly, without apparent reason, Gladstone leaped to his feet and delivered an impassioned speech, set off with all the expression and dramatic gesture for which he was so famous. The house seemed surprised. Members looked at one another and murmured, "What is the old man now up to?" They thought it was some deep political game. But a week or two later a friend of Irving's, encountering Mr. Gladstone, mentioned the actor's visit to the house, and Gladstone eagerly inquired: "What did he think of my speech? I made it for him."

Skinning a Sable.

The method of skinning a sable is to draw the skin over the head without any incision in the body. The feet and tail are left as part of the fur. Every third of an inch is valuable, for the average length of the animal is only twelve inches and the tail about 18 inches. In the reign of Henry VIII. the use of sable was forbidden to any below a viscount. A coat lined with sables is often worth from \$300 to \$400. A set of sable tails can hardly be sold for less than \$50.—London Standard.

The Snail.

The slowest creatures in creation are snails and certain small beetles. Some of them habitually move only a foot or two in an hour, but this slowness is partly due to the fact that they remain motionless at intervals. By measuring the distances covered by snails when they were kept going constantly it has been found that the maximum speed of a good healthy snail is five and a half feet an hour.

Wiser Counsel.

"What's that sign you're making there?" asked the grocer.
"Fresh eggs," replied the new clerk.
"Make it 'Fresh laid eggs.'"
"Why—er—everybody knows the eggs were fresh when they were laid."
"Exactly, and that's all that it's safe for us to say about them."—Philadelphia Press.

How Women Sneak Drinks.

The sanitarium was for women only—women dipsomaniacs. A luxurious place, and the rate was \$125 a week.

"This," said the superintendent to a writer for the Philadelphia Bulletin, "is our museum. Odd, grotesque, eh?"

The museum was a collection of instruments for secret drinking that had been taken from female dipsomaniacs.

Here was a carriage clock with a false back that would hold a half-pint of whisky.

Here was a muff with a receptacle of India rubber inside. A mouth-piece like that on a baby's bottle was hidden under a rosette. The owner of the muff would press it to her face—a natural and common movement—and at the same time take a stiff drink.

Here were a dozen sorts of bonbons candies of all shapes and hues, each containing two or three fingers of brandy.

A fan—it would not open—had room for a half-pint in it.

A number of purses were nothing but whisky flasks covered with bead-work or leather or silver or gold.

There was even a prayer book with a flask inside.

JAMES P. DONOVAN, Plaintiff,

vs. JOHN A. COLEMAN, Defendant.

Notice of Sale.

By virtue of a judgment and order of sale, made and entered in the above-styled cause at the November term, 1905, I will sell at public auction to the highest and best bidder, on

Saturday, the 20th day of January, 1906,

about the hour of 11 o'clock a. m., at the courthouse door in the City of Paris, Ky., the property hereinafter described, on a credit of six months for the purchase money, for which the purchaser will be required to execute bond with approved security payable to the undersigned Master Commissioner, bearing interest at the rate of six per cent. per annum from day of sale until paid, said bond to have the force and effect of a judgment.

The property to be sold is described as follows:

A certain house and lot of land situated in Bourbon County, Kentucky, lying on the East side of the Russell Cave pike, near Centerville, and bounded as follows:

Beginning in the middle of said turnpike and running back with line of John Batchelor 210 feet to same and Allen Beatty's line to corner in Kitty Bird's line, then with her line to middle of said turnpike, and thence with the middle of said turnpike to the beginning, and containing about one acre of land and is the same property conveyed to said John A. Coleman by J. T. Ireland by deed recorded in Bourbon County Clerk's office in Deed Book No. 84, page 534.

Said sale will be made for Plaintiff's debt, amounting on the day of sale to \$27.37, and the costs of this action, \$71.75, amounting to \$99.12.

NO MAN IS STRONGER THAN HIS STOMACH.

Let the greatest athlete have dyspepsia and his muscles would soon fail. Physical strength is derived from food. If a man has insufficient food he loses strength. If he has no food he dies. Food is converted into nutrition through the stomach and bowels. It depends on the strength of the stomach to what extent food eaten is digested and assimilated. People can die of starvation who have abundant food to eat, when the stomach and its associate organs of digestion and nutrition do not perform their duty. Thus the stomach is really the vital organ of the body. If the stomach is "weak" the body will be weak also, because it is upon the stomach the body relies for its strength. And as the body, considered as a whole, is made up of its several members and organs, so the weakness of the body as a consequence of "weak" stomach will be distributed among the organs which compose the body. If the body is weak because it is ill-nourished, that physical weakness will be found in all the organs—heart, liver, kidneys, etc. The liver will be torpid and inactive, giving rise to biliousness, loss of appetite, weak nerves, feeble or irregular action of heart, palpitation, dizziness, headache, backache and kindred disturbances and weaknesses.

Mr. Louis Pare, of Quebec, writes: "For years after my health began to fail, my head grew dizzy, eyes pained me, and my stomach was sore all the time, while everything I would eat would seem to lie heavy like lead on my stomach. The doctors claimed that it was sympathetic trouble due to dyspepsia, and prescribed for me, and although I took their powders regularly yet I felt no better. My wife advised me to try Dr. Pierce's Golden Medical Discovery—and stop taking the doctor's medicine. She bought me a bottle and we soon found that I began to improve, so I kept up the treatment. I took on flesh, my stomach became normal, the digestive organs worked perfectly and I soon began to look like a different person. I can never cease to be grateful for what your medicine has done for me and I certainly give it high praise."

Don't be wheedled by a penny-grubbing dealer into taking inferior substitutes for Dr. Pierce's medicine, recommended to be "just as good."

To gain knowledge of your own body—in sickness and health—send for the People's Common Sense Medical Advice. A book of 1008 pages. Send 21 one-cent stamps for paper-covered, or 81 stamps for cloth-bound copy. Address Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y.

Ex-Bourbon Dead.

John K. Griffith, of Bourbon descent, aged 43, died Jan. 8th in Kansas City. He was the son of W. K. Griffith and Margaret K. Spears Griffith, both of Bourbon, one of the oldest and best Kentucky families.

The deceased is a brother of W. B. Griffith and H. F. Griffith, of Bourbon, and Mrs. J. T. Snarrard, of Fleming, all prominent socially.

His mother is seriously ill from the shock of her son's death.

The Kansas City Journal says:

"John K. Griffith, of the law firm of Soarritt, Griffith & Jones, died Monday midnight of typhoid fever, at his home, 3114 Flora avenue, Kansas City. He had been ill just two weeks, but his physicians announced early Monday that recovery would be impossible."

"Mr. Griffith's little daughter, Margaret, aged 9 years, is seriously ill of the same disease, and does not know her father is dead. A nephew, who lives in Kentucky, is also ill of typhoid fever."

"Mr. Griffith was 43 years of age, and was widely known in Kansas City as a lawyer, a scholar and a Mason. He came here 14 or 15 years ago from Cincinnati, Ky., and immediately began the practice of his profession first going into an office alone. In 1895, however, the firm of Soarritt, Griffith & Jones was organized, he becoming one of the charter members."

"Mr. Griffith was born in Kentucky, and was educated at Yale, graduating with the degree of A. B. His law training was later acquired at the Cincinnati Law School, at Cincinnati, O."

"Twelve years ago Mr. Griffith was married to Miss George Moore, daughter of W. F. Moore, a live stock commission man and a member of one of the best known families in Kansas City. The widow and two children—Berford, aged 11 years, and Margaret, 9 years old, survive him. They were all at the bedside at the time of his death except the little daughter, who, owing to her serious illness, was not told of her father's death."

"Exactly three weeks ago Monday Mr. Griffith was called to Kentucky to the bedside of a nephew who was thought to be dying of typhoid fever there. A week later a telegram was sent from Kansas City informing him that his daughter was ill of typhoid fever. He reached home Christmas morning and had already developed symptoms of typhoid fever."

An Animal Codfish Dinner.

Andrew J. Aikens, of Milwaukee, Wisconsin, has for forty years given an annual codfish dinner in celebration of Forefathers' Day. The Springfield, (Mass.) Republican says: "As forty-one Puritans signed the famous compact on the Mayflower, Mr. Aikens invites just that number of guests to these dinners, all of them supposedly Mayflower descendants. The dinner was held at the Milwaukee Club, and Judge Henry E. Howland, of New York, in his letter of regret, told of two characteristic toasts given by a Kentuckian and a citizen of the Bay State. The gentleman from the Blue Grass country, toasting his own state, proposed:

"Here's to the state of Kentucky. The state where I was born; Where the corn is full of kernels, And the colonels are full of corn." Then the man from the Bay state arose, and gave this toast: "Here's to the state of Massachusetts, The home of the Sacred Cod; Where the Adamsses vote for Douglas, And the Cabots walk with God."

Kentucky Press Association.

The Executive Committee of this Association at a meeting held in Louisville on Dec. 30, decided that it would be wise to hold a mid-winter meeting of the Association, and selected Frankfort as the place and January 23 as the date. The Capital was chosen for the reason that there will be several bills of vital interest to the pocket books of Kentucky editors pending before the General Assembly at this time. Six of these bills will be introduced at the request of the Kentucky Press Association, and they will not only be of direct benefit to the public, but will put in the pockets of Kentucky editors the money that should have gone there for many years past. These bills touch especially on city and county advertising.

THE FAIR

Critically Consider and Compare.

Any time you want a thing in Housefurnishings, from a pint cup to a parlour lamp, and feel any inclination to go somewhere else than here to purchase it, we want you to put the purchase on a competitive basis. Go to the other store you had in mind and see what they ask for the kind and quality you have fixed upon; then come to The Fair and see what we ask for the same thing or something better. Critically consider the relative values, compare with care what you'd get for your money at each place, and we think in ninety-nine cases out of a hundred The Fair will get the purchase.

We know pretty well what other stores are asking for things of corresponding grade to ours. When we speak of our own lower prices it isn't a matter of guesswork. Do you suppose for instance, you could in this whole town, duplicate the following offerings?

- Dust Pans, cover across the top, made of heavy black steel, riveted handle, each 5c
- Granite Iron Pie Plates 5c
- Galvanized Iron Clothes Lines, 40 foot 5c
- Pure Linen Writing Tablets and 25 Envelopes, all for 5c
- Large Size Brick Trowels 10c
- Selected Hickory Ax Handles 10c
- Bicycle Playing Cards, 3 packs for 50c
- A Package 19c
- Folding Hat Racks, Hardwood Oak Finish, 7 turned spindles, each 10c
- 14 quart Stamped Dish Pans, with riveted iron handles each 20c
- Chamois Skins, size 12x14, the usual 25c kind, each 15c
- China Nest Eggs, a dozen 20c
- Coat Hangers 5c
- Fancy shape Individual Suits, such as heart, diamond, star, etc., each 3c
